

Main login form

The image shows a web-based login form. At the top is a blue header bar with the text "LOGIN FORM" in white, uppercase letters. Below the header, there are two input fields. The first field is labeled "enter your ID" in a light gray font. The second field is labeled "enter your password" in a light gray font. Below these fields is a blue button with the text "LOG IN" in white, uppercase letters. The entire form is enclosed in a thin blue border.

This is the first form that will appear as soon as the project is started. Any user has to login first to access the facilities provided in the project. The login form of this module is the same; the user simply logs in by ID and password provided.
